

CFRC Training Lease Membership Rules Left Hand Lake

Access times:

1. April 1, 2016 to October 28, 2016 (tentative expect closure in Oct. so not to interfere with hunting)
2. Hours are sunrise to Sunset with paid annual membership. .
3. No simulated bird shooting (pistols and all firearms) on Sunday's, from Sunrise to 9 a.m.

General Rules: (Followed by all persons granted access through CFRC Membership)

1. Pick up after your dog and any trash you may find. Keep property clean!!!
2. Keep gate closed and lock upon exiting. Do not invite or allow non-members on site except as defined in the guest policy.
3. Be aware of our neighbors; do not impose on them with excessive noise or abusive behavior; One neighbor is a Sheriff Deputy and probably works nights. The other is with the Humane Society, so no harsh use of electric collars or hitting, striking or whipping dogs and the neighbor to the west has horses, be aware, do not startle them.
4. **Stay off dam with vehicles & there is some culvert damage so parking is limited to the area by the entrance..**
5. Access to Members ONLY and (1) guest, (1) time and ALL GUEST MUST SIGN WAIVER **PRIOR** TO ACCESSING THE PROPERTY.
6. Access will be granted upon membership payment, rule and property waiver sign off. A combination to the lock will be provided and may be changed from time to time and will be communicated to the group. We must have your email for this and you must join the Yahoo Training Group for this communication.
7. Guests using the site more than (1) time will be required to purchase a CFRC & Left Hand lease membership for any additional access. Guests for CFRC Family Members will NOT include immediate household member's family (spouse, child).
8. If you are in the process of training and other members arrive, you **MUST** complete your work **IMMEDIATELY** (within 30 minutes) or offer other Members access to your set up. Or, if other Members want to set up differently, the member on site first **MUST** be willing to run the new setup with newly arriving members. This is a majority vote rule based on the number of Members on site at one time and their decision. Handle this like a pick up basketball game, finish what you are doing, offer access to the site, and cooperate. Members hoarding the site will be asked to cooperate or leave the group.
9. Only one set (test) up will be ran at one time so all members must run the same set up. Adjustments can be made to the line for less experienced dogs. The only exception is when all on site are puppy training.
10. CFRC Training Days are scheduled for one day a month and certain holidays. Exclusive use of the property will be offered to Club organized events and members will be allowed to participate in these events. You can use the property after the club has left the site if time allows. This will be the 1st Sunday of each month and defined holidays.
11. No more than 20 dogs running on the property at a time. To avoid conflict, use the Yahoo Group calendar to communicate your intentions, scheduling on Yahoo does not give you exclusive use of the property but advises other members that more than one user will be on the property at a certain day and time.
12. Parking is available on the southeast side by the entry inside the fence. **DO NOT** park on the county road outside of the gate and the access road to the east of the property. Do not drive or park on dam or peninsulas, you will be responsible for damage to the grounds.
13. **Members are responsible for guest and immediate family member completing a liability waiver form and submitting it PRIOR TO ACCESSING the property. ALL USERS OF THE SITE MUST SIGN A WAIVER UNLESS UNDER 18. ANYONE UNDER 18 MUST BE WITH AN IMMEDIATE FAMILY MEMBER WHO HAS SIGNED THE WAIVER. Allowing a person that is not a Member on the site contrarily to rule #5 and WITHOUT A WAIVER, your membership access to the lake will be canceled and without refund.**
14. **BEWARE; this is an irrigation supply lake and levels may change from time to time. I can envision times when it will be too low for canine swimming; there are no guarantees of 100% swimmable waters.**
15. Do not remove any water as it is personal property and is owned by the contracted agriculture business.
16. Reporting misuse of the property, use on wrong day than membership type allows, violation of ground rules, conflict with others and issues with neighbors, please document the situation, names of witnesses time and place, license number etc... and report it to the board within 48 hours of the occurrence. The board will use our policies to follow up and investigate the matter.

I agree to abide by these rules and agree any continued disregard of these rules can cause my membership to be CANCELED WITHOUT REFUND.

As part of this membership agreement, you will be asked to work a minimum of 1 day or combined hours totaling 8 hours at a CFRC sponsored Hunt Tests.

Signed: _____ Date: _____

Print Name: _____ Vehicle Make/Mod/Year _____

Email address: _____ (be clear) Vehicle License #_CO_____

CFRC Access Fees:

\$130.00 CFRC (\$30) LHL Membership (\$100) = Full CFRC Membership and access to Left Hand 7 Days a week except Club Sponsored days, 1st Sunday of each month.

Club Days CFRC Membership, no additional fee for 2016, access 1st Sunday of each month on Club Sponsored and Organized Training Days. With a 20 dog limit, this day may need to be split into 2 sessions if attendees are greater than 20 dogs. In that event the Organizers will split the dogs up by ability and age into a morning or afternoon session. There will be two sessions will run at 8 a.m. to Noon and 1 p.m. to 4 p.m. **Prior registration for the event is suggested in order to plan for numbers of dogs & appropriate levels.**

Checks Payable to CFRC, include CFRC Membership Form and dues:

Club Training Day Tips

1. Throw more birds for other folks than your dog retrieves.
2. Do yard work at home, not on someone else's time.
3. This is training, not competition.
4. Don't ask your dog to do something they are not prepared for.
5. If you need help - Ask. If you ask for help - listen.
