

Hi Everyone:

Well hopefully spring is finally here and everyone is getting out and doing some training. I know there was a good turnout for the Training Day at Carol's last month. And we will be having another one coming up on the 27<sup>th</sup> of April for those of you that are not planning on running your dog at the NM test as that is the same weekend.

**Spring Hunt Test:** Update on the spring test: entries are now open on [entryexpress.net](http://entryexpress.net) to enter. Brian Cooke and Scott Kling have been working hard on getting things organized for the test. ***We are now looking for volunteers to help at the test for the weekend to help in the field. We will need marshals for each of the stakes; volunteers to man the wings, plant blinds and help move equipment around as the day progresses.*** Please let Brian Cooke [bcooke124@what-wire.com](mailto:bcooke124@what-wire.com) or (720-514-0354) know if you can help with any of these positions.

**Fall Hunt Test:** Keith Winch has been working on the fall test. He has secured the judges for the test and will now also be looking for help once we have completed the spring test in May. Thank you Dennis for stepping up to be our Head Marshal. This test will be in August at Stillroven Farms. The paperwork has already been sent to Carol to secure the location and deposit.

**Left Hand Lake:** Renewals are now being taken to renew membership to access Left Hand Lake. Everyone who was a member last year has a \$10 credit due to lack of water. If you are interested to join again this year, please mail your application to Carol Brady □ 1100 South Quail Run Road □ Watkins, Colorado 80137. Club Training days are the 1<sup>st</sup> Sunday of each month and a chair will be needed for that day. Next one coming up will be on May 4, 2014. Please contact Brian Cooke if you are interested in chairing a club-training day. [bcooke124@what-wire.com](mailto:bcooke124@what-wire.com) or (720-514-0354)

There are several upcoming events please check out our Facebook page or website. Earl is doing an excellent job at maintaining both. The new website design is fabulous.

Happy Training,

Gabriele  
President, CFRC

## Equipment Trailer

Please contact Brad Hjelm if you can take some time to help inventory the club's Equipment Trailer. We will get started at around 9:30 on Saturday April 19, at Brian Cooke's. If there is enough help it will only take a couple of hours.

Brad      bradhjelm@hotmail.com    303-549-9386

## Welcome Waggin'

We would like to take this opportunity to welcome our new members to the club.

## Website News from Earl Bradshaw

I am pleased to announce the redesigned CFRC website <http://www.cfcretrievers.com>. You will notice that the website has a new, more up-to-date look and few new features:

- Latest news column on the front page of the site, where you will see short **announcements** from the Club.
- A new look **calendar** page, simply mouse over highlighted dates and a **popup text** tells you what CFRC activity is happening on that particular day
- A number of photos are from the old website; you will see them randomly incorporated into many of the pages and maybe recognize yourself in your younger years!
- **Links to other sites** are located at the bottom of all of the pages, and include links to Member websites, other local clubs and links to contact the CFRC board.
- I have also created a **CFRC Blog** which is linked to from the main CFRC website. Members may author some of their own postings if you wish, or share training tips or photos/videos of your own. Authoring is by invitation only; if you would like to try your hand at blogging, please contact me [ebradsha@ix.netcom.com](mailto:ebradsha@ix.netcom.com) directly and I will set you up to do so.

Finally, many of the photos we have for the website are dated; if you have any great action photos of you or your dog (from CFRC tests (especially last years), training days, or hunts) that you would like to share, please feel free to email them to me and I will incorporate them in the site. Thanks, and I hope you enjoy your new site.
